“ Jay was a great man with a wonderful smile. He has a beautiful family. I have known him for 35 years, he set the presence in my mind of what a curfew meant as teenagers! His daughter Angel and I had the fear of God in us if we were three seconds late he would be standing there waiting and sure enough he was!! Many good happy memories of those days.

I know your journey home has been rewarding and now you're just another one of our angels watching over us. R.I.P Jay

Jay was an inspiration to me as a ATC trainee and was the first controller to let me plug in and work traffic.
