“Dad....I miss you so much. Everyday I wake up wishing i could call and annoy you and for you to tell me that you love me and to stay strong because God's got us. Life is so hard without you here and i'm struggling and need you so bad. You'd be so happy that all of us are doing pretty good and all of us are talking and loving each other the way you taught us. I know you always had so much hope in Didi and Daddddd, she's doing so amazing. As i sit here writing this crying, I love you so so so so much and life has not been the same since you've left. The pain of losing you hasn't gone away nor gotten easier. Sometimes i just hide and cry because i see something or hear a song that makes me think of you. You'd be so proud of your grandbabies dad.....Madi got a car and is graduating high school in a couple of months. Payton has a car and today is her Birthday, she's turning the BIG 16. Sam plays soccer, volleyball, and cheer and she lovesss her social life. She's been grounded from her phone for a few months now because she's a social butterfly and didn't put much effort into her grades. She's doing better now though. These are things you should be here for dad, to endure these memorable moments. You blessed us with beauty and brains dad!!!! (I just had to brag a lil :)) Well I love you now until forever after yesterday and just know you are very missed and thought about down here on Earth.

Love your daughter,

Ashley Gore

“Dad I really miss you a lot. I know deep in my heart the that you are looking down on us, guiding us. I want you to know that I look back and I know that everything happens for a reason. We may not understand it and I am sure that it will be painful. I want you to know that I am doing really well. We may not have gotten the outcome that we wanted but I am living a healthy life and for that I am proud. I want you to know that I think about you everyday and miss you something serious. I love you dad. Jenn

“ Thank everyone who's been able to show my father love & has
showed my our family memories...Hopefully, justice will be served
as it should be, not pointing any fingers only speaking from the
heart. My father is a very giving and humurous man who wasn't
violent in any situation, even when needed to be he wasn't. He is a
jokster in himself and honestly loved my mother but loved woman
toooo....A rememberance will be held for my father at a private
location when our family is all together, hopefully soon!!! Everyone
knows my father wouldn't want us to grieve, although that's been
very difficult for all of us (his family), he's want for us to do what we
do and do it good!!! I love you daddy and everyday i'm expecting a
phone call from you or something. but, i'm here, alone in a world
with people here for me daddy but they're not you....you gave my
children and myself the best 2 years in a long time daddy and you
are so very missed :(oneday we will meet again & when we do
we're gonna give'em hell daddy :) xoxo Ash aka Babygirl

“ Terry aka "Dad" was such a great man , he did so much for me . From helping me with a couple dollars in my pocket to sitting down and talking to me about anything and everything . He always made me laugh even if I felt like crying , he knew how to put a smile on my face . I would give him a ride due to him not having license , today I found myself driving down the rode and looking over and talking to him as if he were there , it might sound crazy but i feel him there watching over me . I moved to TN and he encouraged it , Im sorry I couldnt be there for his funeral but he knows why ! Terry Dean Gore will always be a part of my heart and life , he makes me laugh of the things he used to talk about still til this day and always will . He's in a much better place and we all know that , thank the good Lord for protecting him from any more danger , God is so good to us in ways that sometimes we might not realize . I pray for all of his family and friends , Dad will always be remembered . I love you dad , like you've always told me be safe ! I'm sending you a hug to heaven every night , I miss you so much
Love and lots of huggs , Maranda Renee
